## MANAGEMENT'S DISCUSSION AND ANALYSIS of the Financial Condition and Results of Operations

(In thousands, except per share amounts)

For the three months ended November 30, 2013 and 2012

January 24, 2014

### 1. INTRODUCTION

This management's discussion and analysis ("MD&A") of financial condition and result of operations of Unique Broadband Systems, Inc. ("UBS" or "the Company") is supplementary to, and should be read in conjunction with, the Company's unaudited condensed consolidated interim financial statements for the three months ended November 30, 2013 and 2012.

The Company's unaudited condensed consolidated interim financial statements and the notes thereto have been prepared on the basis of accounting principles applicable to a going concern. This assumes that the Company will operate for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations. Accordingly, they do not give effect to adjustments that would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and liquidate its liabilities, other than in the normal course of business and at amounts different from those in the financial statements.

Unless specifically stated, the references to "UBS" or "the Company" include the legal entity Unique Broadband Systems, Inc. and its wholly-owned subsidiary, UBS Wireless Services Inc. ("UBS Wireless").

### 2. ACCOUNTING STANDARDS ISSUED BUT NOT YET EFFECTIVE

The Company has reviewed new and revised accounting pronouncements that have been issued but are not yet effective under International Financial Reporting Standards ("IFRS"), and determined that the following may have an impact on the Company:

IFRS 9, "*Financial instruments*" ("IFRS 9"), as issued, reflects the first phase of the IASB's work on the replacement of IAS 39, "Financial instruments: Recognition and measurement" (IAS 39) and applies to classification and measurement of financial assets and financial liabilities as defined in IAS 39. The standard was initially effective for annual periods beginning on or after January 1, 2013, but "Amendments to IFRS 9 Mandatory Effective Date of IFRS 9 and Transition Disclosures", issued in December 2011, moved the mandatory effective date to January 1, 2015. Other phases of the project address hedge accounting and impairment of financial assets. The adoption of the first phase of IFRS 9 will have an effect on the classification and measurement of the Company's financial assets, but will not have an impact on classification and measurements of financial liabilities. The Company will quantify the effect in conjunction with the other phases, when the final standard including all phases is issued.

### 3. CAUTION REGARDING FORWARD-LOOKING STATEMENTS

This MD&A includes forward-looking statements and information concerning expected future events, the future performance of the Company, its operations, and its financial performance and condition. These forward-looking statements and information include, among others, statements with respect to the Company's objectives and strategies to achieve those objectives, as well as statements with respect to its beliefs, plans, expectations, anticipations, estimates, and intentions. When used in this MD&A, the words "believe", "anticipate", "may", "should", "intend", "estimate", "expect", "project", and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain such words.

These forward-looking statements and information are based on current expectations. The Company cautions that all forward-looking statements and information are inherently uncertain and actual future results, conditions, actions or events may differ materially from the targets, assumptions, estimates, or expectations reflected or contained in the forward-looking statements and information, and that actual future results, conditions, actions, events, or performance will be affected by a number of factors including economic conditions and competitive factors, many of which are beyond the Company's control.

New risks and uncertainties arise from time to time, and it is impossible for the Company to predict these events or the effect that they may have on the Company. Certain statements in this MD&A, other than statements of historical fact, may include forward-looking information that involves various risks and uncertainties. This may include, without limitation, statements based on current expectations involving a number of risks and uncertainties. These risks and uncertainties include, but are not restricted to: (i) tax-related matters, (ii) financial risk related to short-term investments (including credit risks and reductions in interest rates), (iii) human resources developments, (iv) business integrations and internal reorganizations, (v) process risks, (vi) health, safety, and environmental developments, (vii) the outcome of litigation and legal matters, (viii) any prospective acquisitions or divestitures, (ix) other risk factors related to the Company's historic business, and (x) risk factors related to the Company's future operations.

More specifically, UBS faces risks and uncertainties in connection with the ongoing litigation described under the section entitled "Provisions and contingencies - Contingencies". In particular, there can be no assurance that UBS will not be found liable for payments to certain parties in the course of this litigation nor can there be any assurance that UBS will be able to recover any of the amounts sought in its counterclaims. An award of damages against UBS and the ongoing costs of this litigation could, independently or collectively, have a material adverse effect on the financial condition and solvency of UBS.

For a more detailed discussion of factors that may affect actual results or cause actual results to differ materially from any conclusion, forecast or projection in these forward-looking statements and information, see the sections entitled "Overview – Significant current events" and "Provisions and contingencies" below.

Therefore, future events and results may vary significantly from what the Company currently foresees. Readers are cautioned that the forward-looking statements and information made by the Company in this MD&A are stated as of the date of this MD&A, are subject to change after that date, are provided for the purposes of this MD&A and may not be appropriate for other purposes. We are under no obligation to update or alter the forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by National Instrument 51-102, and we expressly disclaim any other such obligation.

## 4. OVERVIEW

### Significant current events

#### (a) CCAA proceedings

On July 5, 2011, UBS announced that it and UBS Wireless had commenced proceedings under the *Companies' Creditors Arrangement Act* (the "CCAA"). The court has made an order staying all proceedings against UBS and its directors until March 14, 2014, and Duff & Phelps Canada Limited (the "Monitor") has been appointed as the Monitor of UBS. Further information with respect to the CCAA proceedings can be found on the Monitor's website at [www.duffandphelps.com](http://www.duffandphelps.com).

#### (b) Appeal and cross-appeal of Madam Justice Mesbur Decision

On May 21, 2013 the Honourable Madam Justice Mesbur of the Ontario Superior Court of Justice released Reasons for Decision (the "Mesbur Decision") in respect of three proofs of claim totaling approximately \$9,500 (the "Jolian Claims"), submitted by Jolian Investments Limited and Mr. Gerald McGoey (together the "Jolian Parties"), against UBS in the CCAA claims proceedings.

Justice Mesbur found that the former UBS board, including McGoey, failed to consider the interests of shareholders and breached their fiduciary duties. Based on these findings, Her Honour disallowed the Jolian Parties' claims for: (1) payment in respect of the cancellation of the Company's share appreciation rights plan; (2) payment of a deferred bonus; and (3) indemnification. She ordered that the Jolian Parties repay all monies previously advanced to them in the nature of indemnification.

Notwithstanding her findings of wrongdoing on the part of the Jolian Parties, including breach of fiduciary duty, Justice Mesbur also found that Jolian was entitled to "enhanced severance", pursuant to its services agreement with UBS. Jolian has since filed a revised proof of claim indicating this to be in excess of \$4,000. The Company estimates this amount to be approximately \$2,853 (exclusive of costs and interest, if any, which have yet to be determined).

Pursuant to a hearing held on October 31, 2013, UBS was granted leave to appeal the Judgment of the Honourable Madam Justice Mesbur, in which she found that, pursuant to its services agreement with UBS, Jolian was entitled to an enhanced severance as a result of the termination of its contract with UBS.

On November 21, 2013, the Jolian Parties sought leave to cross-appeal the decision of the Honourable Madam Justice Mesbur.

The appeal process will ultimately determine the validity and quantum of the claim (refer to the section entitled "Provisions and contingencies – Contingencies – Jolian claims").

## **The Company**

Unique Broadband Systems, Inc. is a publicly listed Canadian company, trading on the TSX Venture Exchange under the symbol UBS.

On July 6, 2011, UBS received notice from the TSX Venture Exchange (the “Exchange”) that, in accordance with its Continued Listing Requirements outlined in Exchange Policy 2.5, UBS no longer meets the tests related to having a significant interest in a business or primary asset used to carry on business. Effective July 7, 2011, the Exchange issued a bulletin reclassifying UBS to Tier 2 and subsequently placed the Corporation on notice to transfer to NEX, subject to the Company making a submission that it meets all Tier 2 Continued Listing Requirements. The reclassification has not yet been made.

The UBS head office is located in Toronto, Ontario and currently has one employee.

On July 13, 2012, the court made an order which postponed the requirement of UBS to hold shareholder meetings until the completion of the CCAA proceeding.

### Going concern

The going concern basis of presentation assumes that UBS will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities and commitments in the normal course of business. There is significant doubt about UBS’ use of the going concern assumption because, as at November 30, 2013, UBS has a working capital deficiency of \$1,875 (August 31, 2013 - \$1,641). Furthermore, there is uncertainty regarding the outcome of certain litigation (refer to the section entitled “Provisions and contingencies”). UBS will need to raise cash and/or monetize assets, and/or reduce its outstanding commitments in order to meet the needs of its existing operations and commitments, giving rise to doubt UBS’ use of the going concern assumption.

Notwithstanding the above, the Company’s unaudited condensed consolidated interim financial statements for the three months ended November 30, 2013 and 2012 have been prepared on a going concern basis and do not include any adjustments to the carrying values and classifications of assets and liabilities and reported revenue and expenses that would be necessary if the going concern basis was not appropriate. Such adjustments could be material.

### **Strategy**

UBS’ operating strategy is to advance the CCAA claims process as expeditiously as possible, preserve its cash, and monitor its investment in ONEnergy Inc. (“ONEnergy”) (*formerly Look Communications Inc.*).

---

## Investment in ONEnergy

### (a) Carrying value of ONEnergy

As at August 31, 2012, the Company held 24,864 multiple voting shares and 29,921 subordinate voting shares, or a 39.2% economic interest and a 37.6% voting interest in ONEnergy and accounted for its investment using the equity method of accounting.

On February 19, 2013, UBS sold 12,430 multiple voting shares and 14,630 subordinate voting shares of ONEnergy for \$0.14 per share, or \$3,788, generating a gain of \$447 and reducing its fully diluted equity interest in ONEnergy to 18.8%. Pursuant to the sale of shares, management concluded that the Company no longer had significant influence over ONEnergy and now accounts for its investment using the fair value method. This asset is classified as Available For Sale (“AFS”).

On July 9, 2013, ONEnergy completed a change-of-business transaction and concurrent private placement, which further reduced the Company’s holdings in ONEnergy to a 13.1% economic interest and a 12.4% voting interest.

The Company’s share of ONEnergy’s market capitalization, based on the bid prices of its 12,434 multiple voting shares (TSXV: OEG) and 15,291 subordinate voting shares (TSXV: OEG.A), as at November 30, 2013, of \$0.11 and \$0.11 respectively, was \$3,050 (August 31, 2013 - \$0.10 and \$0.10 respectively - \$2,773).

The Company’s carrying value of its investment in ONEnergy is summarized as follows:

Investment in ONEnergy as at August 31, 2012	\$ 7,011
Cumulative equity interest in ONEnergy’s losses:	
September 1, 2012 to November 30, 2012	(122)
December 1, 2012 to February 19, 2013	(123)
Partial disposition of ONEnergy shares	(3,341)
Fair value adjustment in ONEnergy, February 19, 2013	(652)
<b>Investment in ONEnergy as at August 31, 2013</b>	<b>\$ 2,773</b>
Fair value adjustment in ONEnergy, November 30, 2013	277
<b>Investment in ONEnergy as at November 30, 2013</b>	<b>\$ 3,050</b>

### (b) ONEnergy’s Statement of Claim in connection with the payment of restructuring awards

On July 6, 2011, ONEnergy issued a Statement of Claim (the “Claim”) in the Ontario Superior Court of Justice (the “Court”) against certain former directors and certain former officers of ONEnergy in connection with the payment of approximately \$20,000 of “restructuring awards” paid in 2009 (the “Sale Awards”), of which approximately \$15,700 was paid to the directors and senior officers named in the Claim (or their personal holding companies, as applicable) from the net proceeds of approximately \$64,000 realized by ONEnergy on the sale of its spectrum licence in 2009. The former officers and directors named in the Claim collectively resigned effective July 21, 2010. None of the allegations in the Claim have been proven before the Court.

## 5. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The unaudited condensed consolidated interim financial statements for the three months ended November 30, 2013 and 2012 include the accounts of UBS' wholly owned subsidiary, UBS Wireless. All significant intercompany balances and transactions have been eliminated upon consolidation.

## 6. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Management's discussion and analysis of operating results and financial condition are made with reference to the Company's unaudited condensed consolidated interim financial statements and notes thereto for the three months ended November 30, 2013 and 2012, which have been prepared in accordance with IFRS. The Company's significant accounting policies are summarized in detail in note 2 of the Company's consolidated annual financial statements for the year ended August 31, 2013.

## 7. RESULTS OF OPERATIONS

Highlights of the results for the three months ended November 30, 2013 include the following:

- UBS recorded a loss before comprehensive loss of \$234, compared to a loss before comprehensive loss of \$802 for the first quarter of 2012. The variance resulted from, among other things, lower costs associated with the advancement of the CCAA process.
- Fair value of ONEnergy shares currently held by UBS increased by \$277 to \$3,050, due to an increase of \$0.01 in ONEnergy's bid prices as at November 30, 2013 to \$0.11 and \$0.11 per multiple voting share and subordinate voting share respectively, compared to the respective bid prices as at August 31, 2013 of \$0.10 and \$0.10.
- As at November 30, 2013, UBS held cash and short-term investments totaling \$2,657, compared to cash of \$2,869 as at August 31, 2013. The decrease was due primarily to the settlement of accounts payable.

### Operating expenses

	Three months ended November 30, 2013	Three months ended November 30, 2012
Compensation	\$ 42	\$ 62
General and administrative	196	603

### Compensation

Compensation expense includes wages, salaries, benefits, and termination payments.

During the three months ended November 30, 2013, the Company expensed \$42 in compensation (November 30, 2012 - \$62). The decrease was due mainly to the reduction of staffing to one employee.

---

## General and administrative

General and administrative expenses include costs associated with the CCAA claims process, professional fees, board of director fees, general occupancy and other administrative overheads for the Company. A summary of the key components of general and administrative expenses is set out below:

	Three months ended November 30, 2013	Three months ended November 30, 2012

Professional fees	71	97
Office and general	7	10
Total general and administrative expenses	\$ 196	\$ 603

### CCAA expenses

CCAA expenses mainly include the fees of the Monitor and its corporate legal counsel, the Company's CCAA legal counsel, and costs arising from the CCAA claims process.

During the three months ended November 30, 2013, CCAA expenses decreased by \$378 or 76.2% to \$118, mainly due to the timing of the CCAA claims advancement. Refer to the sections entitled "Overview – Appeal and cross-appeal of Madam Justice Mesbur Decision" and "Provisions and contingencies – Contingencies – Jolian claims".

### Recovery of legal expenses from insurance provider

The Company is currently seeking further recovery from its insurance provider for legal expenses incurred as a result of defending the claims brought by DOL (refer to the section "Provisions and contingencies – Contingencies - DOL Parties claims").

### Professional fees

Professional fees include mainly corporate legal, audit, accounting, filing fees, and insurance. On July 13, 2012, the court made an order which postponed the requirement of UBS to hold shareholder meetings until the completion of the CCAA proceeding.

During the quarter ended November 30, 2013, professional fees totaling \$71 decreased by \$26 or 26.8% over the \$97 incurred during the first quarter 2012, mainly due to lower accounting costs and tax return preparation fees.

### **Restructuring charges**

Restructuring charges includes adjustments and accrued interest on the accrued restructuring awards approved by the then directors in 2009, and enhanced severance accruals.

During the three months ended November 30, 2013, UBS expensed \$4 in accrued interest on the awards due to related parties (November 30, 2012 - \$18).

## 9. LIQUIDITY AND CAPITAL RESOURCES

UBS held cash and short-term investments of \$2,657 as at November 30, 2013, compared to cash and cash equivalents of \$2,869 as at August 31, 2013. Cash and cash equivalents, totaling \$2,356 (August 31, 2012 - \$2,869) consist of all bank balances and, from time to time, highly liquid short-term guaranteed investment certificates and bankers' acceptances with original maturities of less than 90 days. Short-term investments, totaling \$301 (August 31, 2012 - \$nil), include 30-day cashable guaranteed investment certificates ("GIC") with original maturities of less than 365 days. The GIC certificate currently bears interest at an interest rate of 1.25% and is fully redeemable at any time by the Company, at its discretion.

Cash used in operating activities for the three months ended November 30, 2013 was \$212, compared to \$285 for the three months ended November 30, 2012. The decrease during fiscal 2014 was due primarily to lower costs associated with the advancement of the CCAA claims process, and the timing of payment of accounts payable and accrued liabilities.

There were no financing activities for the three months ended November 30, 2013 or 2012.

Cash provided by investing activities totaled \$301 for the three months ended November 30, 2013, due to the purchase of a GIC. The certificate currently bears interest at an interest rate of 1.25% and is fully redeemable at any time by the Company, at its discretion.

UBS has incurred operating losses and negative cash flows from operations in recent years and, as at November 30, 2013, UBS had a working capital deficiency of \$1,875 (August 31, 2013 - \$1,641). Furthermore, there is uncertainty regarding the outcome of certain recent litigation (refer to the section entitled "Provisions and contingencies - Contingencies"). UBS will need to raise cash and/or reduce its outstanding commitments in order to meet the needs of its existing operations and commitments, giving rise to doubt about UBS' use of the going concern assumption (refer to the section entitled "Overview – The company – Going concern").

UBS' approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its current liabilities when due.

## 10. SHARE CAPITAL

As at November 30, 2013 and August 31, 2013, UBS had 102,748 common shares and no Class-A non-voting shares issued and outstanding.

In determining diluted loss per share for the three months ended November 30, 2013 and 2012, the weighted average number of shares outstanding was not increased for stock options outstanding as no options were in the money.

As at January 24, 2014, there were no changes to the number of issued and outstanding shares.

## 11. STOCK BASED COMPENSATION

During the three months ended November 30, 2013, no stock options were granted and 200 stock options expired. During the year ended August 31, 2013 – no stock options were granted and 1,086 stock options expired. As at November 30, 2013, there were 6,000 stock options outstanding (August 31, 2013 - 6,200 stock options outstanding).

<sup>(4)</sup> The interest on accrued restructuring liabilities due to related parties is charged to restructuring charges.

Details of the accrued restructuring awards granted in fiscal 2009, as at November 30, 2013, are set out below. Certain of these amounts remain subject to final determination in the ongoing CCAA Claims proceedings.

### (b) Rent of Milton premises

During the three months ended November 30, 2012, UBS subleased a portion of ONEnergy's premises in Milton for \$2. The sublease was terminated on September 30, 2012. The Company currently does not lease premises.

### (c) CEO termination clause

On January 3, 2012, 2064818 acquired additional shares with the effect of increasing the indirect holdings of UBS over which Mr. Dolgonos exercised control and direction to greater than 20%. This triggered a "deemed" termination clause in the current CEO's employment agreement, triggering a lump sum payment of \$200 in lieu of notice of termination and has been recorded in accrued liabilities.

---

**(d) Compensation of key management personnel**

The Company's key management personnel include members of the executive team and the board of directors of the Company and its wholly owned subsidiaries.

Key management compensation for the three months ended November 30, 2013 totaled \$48 (November 30, 2012 - \$65) which includes \$26 paid to directors (November 30, 2012 - \$26).

**13. PROVISIONS AND CONTINGENCIES**

**(a) Provisions**

Leased premises

On May 24, 2011, UBS settled the action that was brought against UBS in respect of certain repairs to premises under a lease entered into by UBS in 1999. Under the terms of the settlement, \$150 remains payable by UBS, and is subject to the claims process to be determined under CCAA.

**(b) Contingencies**

(i) Jolian claims

On July 12, 2010, Jolian served a statement of claim on UBS seeking approximately \$8,610 plus applicable taxes and interest in respect of the Jolian management services agreement with UBS and certain contingent payments approved by the previous directors in 2009. Subsequent to UBS commencing proceedings in the CCAA, the Jolian Parties submitted three proofs of claim against UBS totaling approximately \$9,500 plus indemnity in respect of professional fees incurred in pursuing their claims. These claims were disputed in the CCAA proceedings and a process was put in place to determine the validity and quantum of the Jolian Claims.

An appeal in the Ontario Superior Court of Justice of the denial of the Jolian Claims against UBS was completed on March 1, 2013. On May 21, 2013, the Honourable Madam Justice Mesbur released Reasons for Decision, as outlined in "Overview – Appeal and cross-appeal of Madam Justice Mesbur Decision".

Based on these findings, Her Honour (i) disallowed the Jolian Parties' claim for payment in respect of the cancellation of the Company's share appreciation rights plan, resulting in a reversal of \$600 plus \$66 in accrued interest; (ii) disallowed the Jolian Parties' claim for payment of a deferred bonus, resulting in a reversal of \$1,200 plus \$133 in accrued interest; (iii) disallowed the Jolian Parties' claim for indemnification, resulting in a reversal of \$551 to general and administrative; and (iv) ordered the Jolian Parties to repay UBS the \$200 previously advanced to them in the nature of indemnification.

Notwithstanding Madam Justice Mesbur's findings of wrongdoing on the part of the Jolian Parties, including breach of fiduciary duty, she found that, pursuant to its services agreement with UBS, Jolian was entitled to an enhanced severance and asked that Jolian file a revised proof of claim in this respect. The Company's initial estimate of this amount, having regard to her Honour's decision, is approximately \$2,853. Jolian's revised proof of claim is in excess of \$4,000.

---

On October 31, 2013, the Honourable Mr. Justice Doherty of the Ontario Court of Appeal granted leave to the Company to appeal the Judgment of the Honourable Madam Justice Mesbur, in which she found that Jolian was entitled to an enhanced severance as a result of the termination of its contract with UBS.

The Company is proceeding with the appeal, and the process will ultimately determine the validity and quantum of the claim.

On November 21, 2013, the Jolian Parties sought leave to cross-appeal the decision of the Honourable Madam Justice Mesbur.

(ii) Reeson claims

Former director, Mr. Douglas Reeson, served a statement of claim on UBS seeking approximately \$465 plus interest in respect of the contingent award approved and allocated to him by the previous directors of UBS during fiscal 2009 (the "Reeson Claims"). Subsequent to the commencement of the CCAA claims process, the Monitor received proofs of claims from Mr. Reeson, totaling \$585.

The Reeson Claims continue to be disputed and will be determined in the CCAA claims proceedings.

(iii) Dolgonos Parties claims

On July 6, 2012, the Dolgonos Parties claims of approximately \$8,000 were settled for a claim of \$500, the payment of which will be determined in the CCAA proceedings.

(iv) CCAA

On July 5, 2011, the Ontario Superior Court made an Order under the CCAA and a subsequent Order on August 4, 2011 which, amongst other things, provided for a comprehensive stay of proceedings against UBS and that all disputed claims are to be determined in the CCAA proceedings.

(v) In the normal course of its operations, the Company may be subject to other litigation and claims.

(vi) The Company indemnifies its directors, officers, consultants, and employees against claims and costs reasonably incurred and resulting from the performance of their services to the Company, and maintains liability insurance for its directors and officers.

## 14. OPERATING RISKS AND UNCERTAINTIES

### Management of capital

The Company determines capital to include shareholders' equity. While the Company remains under CCAA, the Company's overall strategy with respect to management of capital is to hold low-risk highly-liquid cash accounts and short-term investments.

The Company currently does not use other sources of financing that require fixed payments of interest and principal due to the lack of cash flow from current operations and is not subject to any externally imposed capital requirements.

The Company invests its capital in short-term investments to obtain adequate cash returns. The investment decision is based on cash management to ensure working capital is available to meet the Company's short-term obligations while maximizing liquidity and returns of unused capital.

### Financial instruments and risk management

The Company's activities may expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including interest rate and equity price risk).

Risk management is carried out by the Company's management team with guidance from the Audit Committee, under policies approved by the Board of Directors. The Board of Directors also provides regular guidance for overall risk management.

#### Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its obligations. The Company's maximum exposure to credit risk, at the end of the reporting period under its financial instruments, is summarized as follows:

<b>Accounts and other receivables</b>	<b>November 30, 2013</b>	<b>August 31, 2013</b>
Currently due	\$ 48	\$ 17
Past due by 90 days or less and not impaired	-	200
Past due by greater than 90 days and not impaired	200	-
	<b>\$ 248</b>	<b>\$ 217</b>

#### Interest rate risk

The Company had no significant exposure to interest rate risk through its financial instruments as at November 30, 2013 and August 31, 2013.

---

### Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its obligations associated with financial liabilities. The Company has a planning and budgeting process in place by which it anticipates and determines the funds required to support normal operation requirements. The Company coordinates this planning and budgeting process with its financing activities through the capital management process described in the section entitled “Operating risks and uncertainties – Management of capital”, in normal circumstances.

The Company’s financial liabilities are comprised of its accounts payable, accrued liabilities, and accrued restructuring liabilities due to related parties the contractual maturities of which are not determinable because it depends on the outcome of the CCAA claims process.

### Other price risk

The Company is exposed to other price risk on its investment in equities quoted in an active market since changes in market prices could result in changes in the fair value of the investment.
